**HOW GOOD.**

**RRIDGE AND IMPLEMENT CO. LTD.**  
Beaumont, Tex.

### Mrs. Lee Dangerously Ill.

Richmond, Va., Oct. 14.—Mrs. Fitzhugh Lee continues dangerously ill, but is perhaps a shade better tonight.

### Spain Forces a Deadlock.

Paris, Oct. 14.—Spain has forced negotiations to a deadlock. She wants to keep the Philippines and get rid of the Cuban debt. She may recall her commissioners.

### "Cherokee Bill's" Romance.

Wichita, Kas., Oct. 14.—E. S. Kinkhead, a member of troop S, Roosevelt's Rough Riders, and known "Cherokee Bill," has arrived here with his bride. Three years ago "Cherokee Bill" met Miss Caroline Beach, the daughter of the mayor of Eldorado Springs, Mo. The two did not again until a few weeks ago at Camp Wikoff, Montauk Point. Two weeks later they were married in New York. Mr. and Mrs. Kinkhead are now on their way to Kinkhead's ranch in the Choctaw nation.

### Charges Filed by Riche.

Washington, October 14.—Colonel C. S. Riche of the Galveston infantry regiment filed charges while here against Colonel Scully of the quartermaster's department and Major F. H. Edmunds of the infantry, in which he alleges that Colonel Scully failed to make proper provision for the health, comfort and efficiency of the men, and that Major Edmunds conspired against the successful organization of the regiment. The officers involved have been asked for a statement. Colonel Riche is not the only one connected with that regiment who makes similar charges against the above mentioned officers.

### Tanner Determined.

Pana, Ill., Oct. 14.—A telegram was received today from Virden saying that in all probability Operator Lukens of the Virden Coal company, will attempt to land at Pana the imported negroes which after a bloody fight were shut out of Virden.

A conference was immediately held by telephone between Captain Harris of company G, Aurora, Ill., commanding the militia here, and Adjutant General Reese and Governor Tanner at Springfield. The conference resulted in the governor ordering Captain Harris to immediately put on a guard at each of the coal mines and at the approaches of each railroad into Pana and under no circumstances to permit any imported negroes to land at Pana.

### Sign of Disagreement.

Havana, Cuba, Oct. 14.—It is generally believed that a serious breach has taken place between the executive department of the Cuban republic and leaders of the military forces. Word was received here today that General Wood, at Santiago, had received through Colonel Ray a demand from President Maso advising that nothing be done by Americans that can in any way be construed as recognizing the Cuban government.

Maso has been joined by his colleagues in declaring that the time has arrived for disbanding the Cuban forces. He advises all soldiers to return to their homes, there to resume labor as before the insurrection.

### Tenth Is All Right.

Austin, Texas, Oct. 14.—Colonel Dick Wynne was in the city today on his way home from canvassing in the Tenth district. He reports having spoken to good crowds and is under the impression that democratic prospects are all right in that section.

### Yellow Fever Reports.

Jackson, Miss., Oct. 14.—The yellow fever situation is practically unchanged, as far as the number of new cases is concerned. The thermometer, however, is falling in the city tonight, and there are strong hopes that the spread of the infection will be checked by the cooler weather, even if there is no frost. The Jackson report for today is ten new cases—J. C. Hardy at the Baptist orphanage, Ruth and Ellen Rietti, T. Conden, Morgan Edler and six colored. There were no deaths.

Dr. Hunter's report from other points is: Taylors, 1 new case; Poplarville, 12 new cases since October 11; Madison, 6 new cases, 3 white and 3 colored; Waveland, 2 new cases; Hattiesburg, 3 new cases and 1 death; Natchez, 4 new cases and 1 suspicious case, all in the northern part of the city; Harrison, 3 new cases and 1 critically ill; the Oxford report gives 1 new case and states that a light frost fell last night.

### BOARDS CALLED TO MEET.

New Orleans, Oct. 14.—The only report received by the state board of health today was from New Orleans—one new case and no death.

President Souchon of the state board of health, at the request of the city council, the exchanges and the labor councils, has called a meeting of the southern boards of health to consider the best means of preventing unwarranted quarantines. The meeting is to be held here on December 15.

### PROTECTION FOR ORANGE.

Austin, Oct. 14.—J. A. Holland, an attorney of Orange, is here today on legal business. In speaking of the close proximity Orange is to the yellow fever infected district and the situation as to quarantine, he said that there is a move on foot to allow certain freight from Algiers to pass through into Texas, and that, as all trains are tied up at present, the people of Orange demand that they remain so until the danger is past. He said the proposition is—should the lives and health of the people of Orange and Texas be sacrificed for a few dollars in commerce?

He called on the governor and state health officer and talked the situation over, both of whom assured him that the people would be protected. He says the people want no communication of any kind, as was evidenced by their mass meeting held at Orange day before yesterday.

Dr. Blunt left tonight for Orange to assure the people that nothing is contemplated that will endanger them. He will see if certain trains can run.

### NO CHANGE GRANTED.

Orange, Oct. 14.—Superintendent W. B. Mulvey, Dr. W. W. Cunningham of Beaumont, and three physicians from Houston, came in this morning and applied to Mayor Silby and the county health officer for a modification of quarantine restrictions, but they decided not to act without the consent of the citizens. Later an impromptu meeting was called, and after several speeches pro and con, a large majority voted to make no change today.

### WYMAN TO FIGHT YELLOW FEVER.

Washington, Oct. 14.—Surgeon General Wyman of the marine hospital service, left here today for a trip of a week or ten days fighting yellow fever. He will go direct to Cincinnati, then to Chattanooga, Atlanta, New Orleans and other points. He will confer with the state and local health authorities.

### NEW CASES AT FRANKLIN.

Washington, Oct. 14.—The marine hospital service received a dispatch tonight from Franklin, La., announcing thirteen new cases and one death there today.

Fine stationery cheap at the Counter Racket Store.

### Wreck of the Mohegan.

London, Oct. 14.—The Atlantic Transport company's steamer Mohegan, formerly the Cleopatra, of the Wilson & Furness-Leyland line, which left London for New York yesterday with 50 passengers and a crew of 150, is ashore off the Lizard, between the Manacles and the Lowlands. It is rumored that there has been a great loss of life.

A coast guard message reports that the passengers are "drowning like rats."

Another account says bodies are washing ashore, one being of a lady lashed to a plank with both legs severed.

Particulars as to the disaster are hard to obtain.

It appears that when the Mohegan struck a gale was blowing and the sea was running high. Lifeboats put off from the Lizard and from Falmouth, one returning filled with passengers. Several were drowned, however, it is reported, on the passage of the lifeboats to the shore.

Another lifeboat saved six passengers. The coast at that point is extremely dangerous and has been the scene of numerous wrecks. Some years ago there was a movement set on foot to have a lightship placed there, but it failed.

A dispatch from Falmouth says the Mohegan foundered and was probably blown ashore by the heavy east wind after her machinery was disabled. All the Falmouth tugs went out, but none were able to approach the vessel.

Later—a lifeboat has landed thirty-one of the Mohegan's passengers and returned for more. One lady died after she was brought ashore. It is reported that the position of the Mohegan is serious and that assistance is urgently needed.

### ONLY 31 OUT OF 200 SAVED.

London, Oct. 15, 5:30 a. m.—According to a dispatch just received from Falmouth, out of 200 persons constituting the passengers and crew of the Mohegan, only 31 have been saved. The vessel has gone ashore off the Lizard.

### Acted Strange.

On last Tuesday a stranger, registering his name as W. C. Sanders, Bryan, Texas, stopped at the St. James hotel and asked for a room, saying that he was sleepy and wanted to rest. He had a valise, two bundles and a box with a hat in it. He left the house saying that he would return in short time, but so far has not been seen or heard of. Mr. Forwood called the attention of the police to the strange actions of the man and Officer Leonard has been at work on the case, but up to this time has not found any clue to the whereabouts of the man.

### Port Arthur Trust Co.

The articles of incorporation of the Port Arthur Trust company were filed with the secretary of state at Austin yesterday; capital stock \$50,000. Incorporators: Wilford M. Smith, C. E. Smith, John L. Austin.

The purpose of this corporation is to erect and repair buildings, and the purchase and sale of real property and the accumulation and loaning money for such purposes.
